

PROPOSAL DEADLINE: MONDAY, MAY 16, 2016

Greetings Potential Presenter,

You are receiving this invitation to apply to be a workshop presenter at the **Region 2 “Learning ROCKS” Conference** in Chico, CA on **August 3 - 4, 2016**. The 2016 Expanded Learning Institute is a comprehensive conference for after school professionals who serve elementary, middle and high school students. The Institute provides an opportunity for expanded learning school personnel throughout the Northern California Region to learn and share ideas and best practices/models on quality expanded learning (before school, after school and summer) programs.

Workshops will target frontline staff, site coordinators, credentialed teachers, program directors and administrators. Conference presenters include a wide range of seasoned after school professionals and field experts who together offer more than 40 breakout sessions at these conferences. Conference topics may address but are *not limited to*:

Integration w/School Day	Social Emotional Learning	Leadership Development for Staff
Behavior Guidance	Diversity & Inclusion	Using Data to Inform Practice
Academic/Tutoring	Health/Nutrition/PA	Project-Based Learning
STEM	Youth Leadership	Team Building
Youth Engagement	Career Pathways	Bullying Prevention
Visual/Performing Arts	Youth Development	Attendance Strategies
Staff Supervision	Service Learning	Homework Strategies
Common Core ELA	Common Core Math	Summer Learning Programs

Presenters will receive a complimentary conference registration. Students participating as program presenters may receive a stipend, but must be fingerprinted prior to the conference. Presenters may receive an honorary stipend of \$200, if requested, regardless if they present one or more workshops.

The conference committee looks forward to receiving your proposal(s)! By thoroughly completing the electronic *Call for Presenters Proposal Form* you will ensure that the committee will review your proposal. Proposals will be evaluated based upon their relevance to the conference theme, clarity, uniqueness, practicality, and perceived quality. As a presenter we encourage you to model “**how**” an activity/process should be conducted; simply “telling” is oftentimes insufficient. **We highly encourage engaging, experiential, hands-on/minds-on workshops.** You are more than welcome to submit more than one workshop proposal.

During the sessions, we caution presenters to minimize advertising of their services or other products. We realize that it can be helpful for presenters to include descriptions and recommendations of services or products. Make sure ample time is given in your session to provide information that participants will be able to use once they return to their professional setting, even if they do not purchase a particular service or other product.

If you have any questions about any aspect of the proposal process, please send all correspondence via email to Melissa Medrano at mmedrano@bcoe.org or call at 530-532-5797. *All workshop proposals are due on or before **Monday, May 16th, 2016**. Only completed proposals will be considered.* Letters of acceptance or declination will be emailed to the lead presenter the week of June 1st, 2016.

We're looking forward to a great conference and we look forward to having you join us!

Sincerely,

Gloria Halley, Region 2 Lead
 (530) 370-8620 (cell)
