We're looking for powerful, innovative, and disruptive thinkers for the nation's largest computer science competition for middle school girls

ProjectCSGIRLS

Announcing the 2017 ProjectCSGIRLS Competition for Middle School Girls!

Registration closes February 15th, 2017. The deadline to submit projects is April 15th, 2017. Mentors will be provided on a first-come, first-serve basis so *register early*!

Are you interested in using computer science and technology to tackle critical social issues facing the world today? Register now for the 2017 ProjectCSGIRLS Competition for Middle School Girls!

The competition is open to all middle school girls in 6th, 7th, or 8th grade during the 2016-2017 school year residing in the United States. Both individuals and teams of up to three girls may compete.

www.projectcsgirls.com/register

Eligibility...

Open to all middle school (6th - 8th grade) girls residing in the United States. Homeschooled girls are welcome to participate!

The Challenge...

Build something using computer science and technology to help solve a social problem under one of three themes: global health, a safer world, and intelligent technology.

Awards...

Semifinalists will receive recognition on our website, Finalists will receive a paid trip to our national gala in DC, awesome awards, and swag. National winners will be announced at the gala.

The National Gala...

The ultimate celebration of girls in computing. Invitees will tour tech companies, participate in workshops, and listen to guest speakers.

ProjectCSGIRLS is a 501(c)(3) national nonprofit organization working to close the gender gap in computer science and technology. We run a national computer science competition for middle school girls and workshops around the country.
