PITSCO
EDUCATION

GET YOUR STEM BASICS PROFESSIONAL LEARNING COURSE!

ABOUT THE COURSE:

Our asynchronous e-learning course walks you through STEM Basics. This course begins with STEM definitions and moves into the steps of the engineering design process and the value of soft skills. The course outlines important STEM activity elements, provides hands-on learning tips and tricks, and summarizes successful STEM learning facilitation.
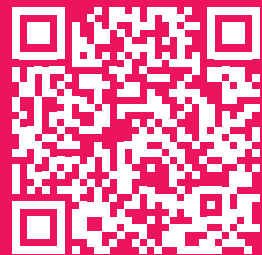

Throughout the course, you will be presented with examples, videos, downloadable resources, and quizzes. Upon completing the course, you will gain access to a certificate of completion, which can be used for continuing education credits.

ACCESS THE COURSE:

DIRECT LINK
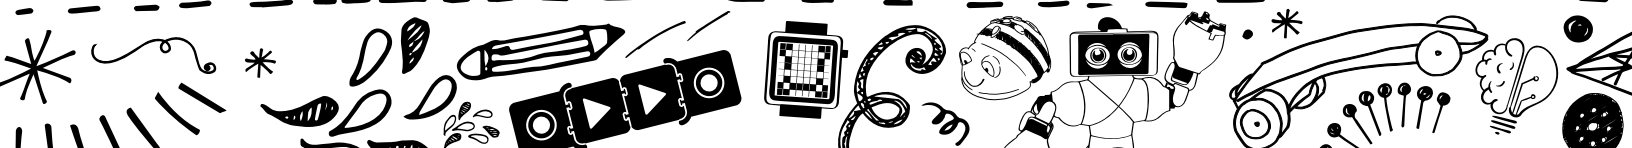

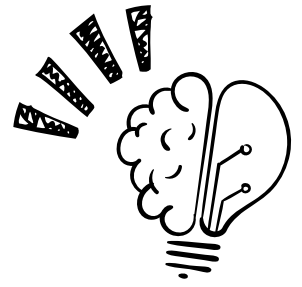

STEP 1
Navigate to Pitsco on Teachable.

STEP 2
Sign up using your preferred email address.

STEP 3
When you've signed up, you'll immediately receive an email to confirm your email address. Complete that process.

STEP 4

When you have confirmed your email address, you'll receive instructions directly to your inbox on how to register for the course.

STEP 5

Within the Course Selector, you'll select **STEM Basics**. It should be the only option populated.

STEP 6

Begin your course at your convenience.

The course is free through **December 31, 2023**. After you've enrolled, the course is yours and will remain in your Teachable course history.

NOTE: If you have an existing Teachable account, please sign in and navigate to the Course Selector where you'll find the course listed as an option.

Questions? Issues? **Email pitscoed@pitsco.com** or **call 800-774-4552**.
